

June 13th 2008

Symposium On

Cancer and Gene Regulation

Program

14:00 - 15:00 **Pat Brown**, Stanford University School of Medicine, Stanford University, CA, USA:
Gene Expression Microarrays:
Programmed Responses of the Human Genome to Pathological Conditions

15:00 - 15:45 **Ping Ao**, Dept of Physics at the University of Washington Seattle, WA, USA:
Stochastic Dynamics and Adaptive Landscape in modeling Carcinogenesis

15:45 - 16:00 Tea Break

16:00 - 16:45 **Lai Lihui**, Institute of Molecular and Chemical Biology, East Normal Chinese University, Shanghai, PRC: miRNA Regulatory Networks in Cancer Development

16:45 - 17:30 **Christine Nardini**, Department of Combinatorics and Geometry, PICB, Shanghai, PRC:
Ordinary Differential Equation Models: Investigating Gene Network Regulation from Chemogenomics to Cancer Research

PICB

Room 300
SIBS Main Building
320 Yue Yang Road
Shanghai
